

# DEPARTMENT OF BIOLOGY

COLLEGE OF ARTS AND SCIENCES

Faculty

Mark Bolyard

- I. Major in Biology—42-48 hours
- A. General Biology Concentration/Independent Research Option—42-44 hours
- BIO 112, 302, 425, 426, 437, and 498—8 hours
  - BIO 211, 213, 214, 215, and 315—20 hours
  - Four 300-level BIO courses—14 hours minimum
- B. General Biology Concentration/Collaborative Research Option—45-47 hours
- BIO 112, 302, 415, and 498—7 hours
  - BIO 211, 213, 214, 215, and 315—20 hours
  - Five 300-level BIO courses—18 hours minimum
- C. Zoology Concentration/Independent Research Option—43-44 hours
- BIO 112, 302, 425, 426, 437, and 498—8 hours
  - BIO 213, 214; 200 or 211—12 hours
  - BIO 316, five -300 level BIO excluding 307, 309, 322 & 337—23 hours minimum
- D. Zoology Concentration/Collaborative Research Option —47-48 hours
- BIO 112, 302, 415, and 498—7 hours
  - BIO 213, 214; 200 or 211—12 hours
  - BIO 316, six 300-level BIO excluding 307, 309, 322 & 337—27 hours minimum
- II. Major in Cell and Molecular Biology
- A. Independent Research Option—72–74 hours
- BIO 112, 211; 214 or 215—12 hours
  - BIO 302, 315, 323, 325, 397—15 hours
  - Three of BIO 307, 309, 310, 316, 317, 320 or 321—12 hours
  - One 300-level BIO Elective—3 or 4 hours
  - CHE 111, 112, 314, 315, 324, 326, 319, 329—26 hours
  - BIO 425, 426 and 437—3 hours
  - No minor is required
- B. Collaborative Research Option—74–76 hours
- BIO 112, 211; 214 or 215—12 hours
  - BIO 302, 315, 323, 325, 397—15 hours
  - Three of BIO 307, 309, 310, 316, 317, 320 or 321—12 hours
  - One 300-level BIO Elective—3 or 4 hours
  - CHE 111, 112, 314, 315, 324, 326, 319, 329—26 hours
  - .BIO 415 and one-300 level BIO Elective course—5-6 hours
  - No minor is required
- III. Major in Conservation Biology—52 hours
- Prerequisites or Corequisites: CHE 111; PHY 112 or higher; 3 MAT courses 111 or higher
- A. BIO 112, 200, 213, 214, 215—20 hours
- B. BIO 302, 303, 305, 315, 318, 335, 336, 337, and Conservation Ethics and Law (under development)—28 hours
- C. BIO 425, 426, 437, 498—4 hours
- D. No minor is required.
- IV. Teacher Licensure in Biology (Grades 7-12)
- A.

| <p>426. Research Experience I (1) F, S, Su, W<br/>Prerequisite: BIO 425 or 415, minimum BIO GPA of 2.0. Students may only take this course during Winter or Summer if the student is also registered for Experience I (428) for a Fall or Spring Semester. Individual research in accordance with the proposal developed and approved in 425. Students will attend all presentations in BIO 437. Course is not available by Audit.</p> <p>428. Research Experience II (1) F,S<br/>Prerequisite: BIO 425 and minimum BIO GPA of 2.0; Corequisite: BIO 437.<br/>Continuation of individual research initiated during BIO 426. Course is graded Pass/Fail and is not available for Audit.</p> | <p>437. Research Presentation (1) F, S<br/>Prerequisite: BIO 426, minimum BIO GPA of 2.0. Presentation of results of 426 as a publishable manuscript and oral presentation. Not available by audit.</p> <p>498. Biology Seminar (1) F, S<br/>Prerequisite: 28 hours toward BIO major, a minimum BIO GPA of 2.0, senior standing.<br/>Written and oral presentation of a library research paper and weekly discussions of current biological research. May be modified at the discretion of the department. Not available by audit.</p> |
